PROFESSIONAL PROFILE

Dr. Westlake is a leading scholar on BDSM and kink subcultures, providing expert witness services for legal counsel. Drawing on extensive international empirical research published in top-tier sexuality, public health, education, and policing journals, he bridges the gap between specialized subculture dynamics and courtroom realities. His work encompasses practitioner motivations, psychological well-being, and community norms, providing attorneys with the authoritative, peer-reviewed foundation needed to accurately contextualize behavior, challenge misconceptions, and effectively advocate for clients.

- **Subculture Communication & Vernacular:** Interpretation of specialized digital communication, online community infrastructure, and subcultural shorthand within discovery materials and evidence reviews.
- **Consent Frameworks & Power Exchange:** Evaluation of consent mechanisms, risk mitigation strategies, and safety protocols unique to kink communities to inform legal frameworks and case strategy.
